At the CVSA AGM a point was raised from the floor regarding supply of Technical Officials at swim meets. There was also a point raised by CVSA President regarding unpacking, setting up & packing up timing equipment at swim meets. The competition committee have decided to accept both these suggestions & implement it to the upcoming 2018/19 Summer season & beyond.

- **Clubs hosting swim meets MUST supply a minimum of 4 Technical Officials per day.**

Failure to provide these officials **WILL** result in your **next meet not being approved**

- **Clubs hiring timing equipment from SNSW must supply a workforce to help unload the van at the start of the meet & pack the van at the end of the meet when using touch pads.**

If there is no help touch pads will remain in the van & the meet will run on S.A.T buttons only.
